

# TEKNA

Smart Wireless control unit  
with integrated power supply  
for 24Vdc motors.

## 24VDC MOTORS CONTROL

Ideal for management  
of 24Vdc linear motors  
for pergolas

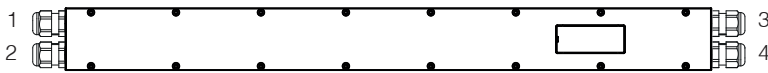

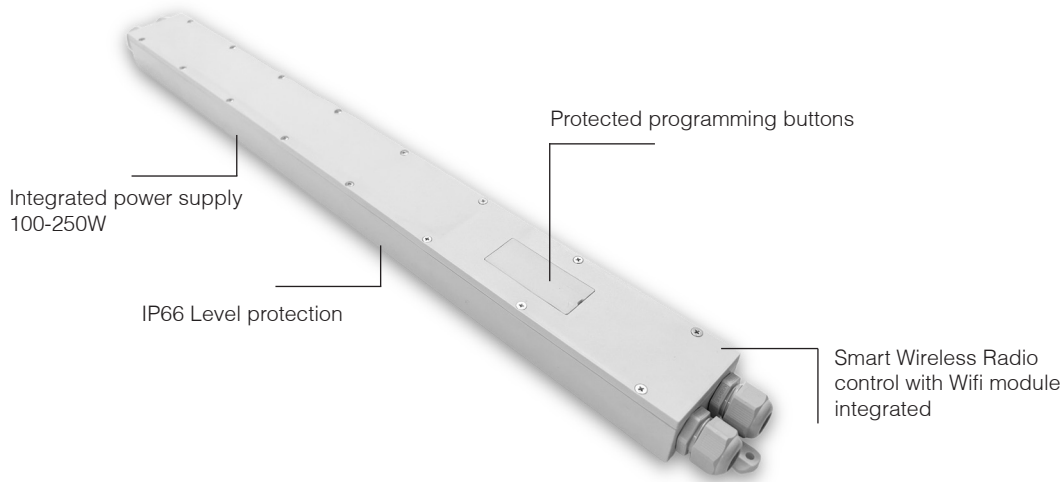

Smart and wireless  
electronics control for  
remote command

IP66 plastic box with  
wiring and customizable  
connectors

# TKM 100/ONE

Control unit for 24Vdc motor with integrated switches or with amperometric control

1. 230V power input - cable L=50cm
2. Input for rain and wind sensors, cable L=50cm
3. Temperature sensor - 2 ingressi pulsante, cable L=50cm
4. Motor output 24Vdc, cable L=50cm

Code	TKM 100/ONE	TKM 250/ONE
Power supply	230 Vac	230 Vac
Integrated power supply	100W	250W
Max power motor	100W	250W
Fuction	Open-Stop-Close / Partial opening	Open-Stop-Close / Partial opening
N. prog. transmitters	30	30
Radio Frequency	433.920 MHz ISM (868 on request)	433.920 MHz ISM (868 on request)
Wireless Smart	WiFi 2,4GHz	WiFi 2,4GHz
Remote Smart control	App OneSmart	App OneSmart
Voice control	Google home, Alexa Amazon	Google home, Alexa Amazon
IP Level protection	IP66	IP66
Working temperature	-20 +55 °C	-20 +55 °C
Dimensions	54x26x600 mm	54x26x600 mm
